### BOYCE CHARTERED ACCOUNTANTS

Boyce Chartered Accountants is one of the largest accounting firms in regional Australia with a team of more than 140 people. We have five offices located in the major regional centres of Cooma, Dubbo, Goulburn, Moree and Wagga Wagga. The Boyce culture is one of care, not just for our clients and our staff, but also for the communities in which we live and work. Our Corporate Social Responsibility (CSR) program formalises the way in which we seek to have a positive impact on the communities, culture, society and environment in which we operate.

Boyce makes a significant contribution to the communities in which we are based by financially supporting organisations and undertaking honorary accounting and audit activities. Our team members also assist many charitable and community organisations either in a personal capacity or through our Workplace Volunteering Program.

As part of the Boyce CSR program, our team each year elects a cause or charity to support through our participation in the annual City 2 Surf challenge held in Sydney in August. Submissions are called for from across all our offices and the team votes on the one they feel would be most assisted by the support that we can offer.

This year the Boyce team is very pleased to have elected the Burns Support Foundation, to be the recipient of our fund-raising activities.

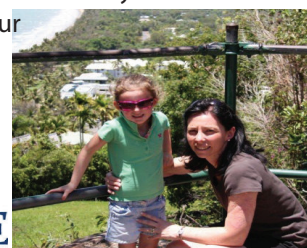

Julie Schofield, a Director of our Cooma office, has been involved with the Burns Support Foundation as a burns survivor herself. Julie was instrumental in writing the submission and garnering the support of the team. She feels passionately about the fantastic benefits of the Camps initiative and understands how important it is for kids to be able to challenge themselves in a safe and caring environment and for families to come together to share their experiences. The Boyce team aims to raise enough funds to help the BSF with the upcoming October camp.

The City 2 Surf is a major event on the Boyce calendar. It's a fun day with lots of healthy activity and time to relax after the hard slog. It's also important to us as it enables our team, their families and friends and our clients to become involved either through helping out on the day (anyone who is good on the barbeque is very welcome!) or by donating to support our chosen charity. As well as encouraging our families, friends and clients to support the Boyce team in the City 2 Surf, we have been thinking laterally about other ways we could raise even more funds for BSF.

One idea has been to publish and sell a cookbook of our favourite recipes. This has been enthusiastically supported by our team who have been busy cooking and baking and trying out recipes on their co-workers for a number of weeks now. The next stage is to collate all the recipes and self-publish what we hope will be a best seller – "Boyce Bites". The Boyce team is proud to be playing a small part in assisting the Burns Support Foundation to carry on your fantastic work, especially knowing that much of what you do is done voluntarily.

We will keep you informed of our progress and we hope to surpass all of our previous fund raising efforts this year! If you would like to know more about Boyce Chartered Accountants, please visit our website at [www.boyceca.com](http://www.boyceca.com)
